## NAFPLIO...THE CITY YOU WILL NEVER FORGET!

Nafplio was the first capital of the newly born Greek state between 1823 and 1834.

In the very heart of the city stands the Italianate Syntagma Square where you can admire important historic buildings and monuments.

Nafplio is like a bigger version of the Plaka in Athens.

Next stop: the Palamidi Castle proudly standing 216 m above sea level. In order to reach it you have to climb all of its 999 steps carved into the rock! The view is totally rewarding!

*The small fortress Bourtzi*

Nafplio is a popular weekend destination all year round in less than two hours' drive from Athens. Its lovely beach resorts make it a great place for summer holidays.
